

URGES PLANTING OF "WAR" ACRES

County Demonstrator Graham Plans to Have Boys Help Grow Crops.

"War acres" will be planted by every farmer's son in El Paso county, if plans of county farm demonstrator A. G. Graham are carried out.

At a meeting held this afternoon at the school house at Canutillo, Texas, Mr. Graham addressed the boys of that section, urging each of them to plant one acre of ground this spring, to be called a "war acre." Many of the boys already have certain plots of ground set aside for them by their parents, and an effort will be made to have an additional acre set aside for the planting of war crops by each boy.

Through the planting of a large number of "war acres" by boys, it is believed the crop production of the county will be increased materially, and the county will come much nearer being self-sustaining.

Urges Young People's Clubs.
At the meeting Mr. Graham also urged the formation of boys' and girls' agricultural clubs, which proved so successful in the valley last year. A. I. Quickall, of Waco, of the extension department of the Texas A. and M. college, also spoke at the meeting.

Following the meeting of the land and irrigation committee of the cham-

ber of commerce Wednesday night, Mr. Graham is arranging a series of meetings at Clint, Ysleta, La Union and other points in conjunction with T. D. Porcher and George E. LeBaron, of the committee. The urgent need of more acreage and a greater production of food crops will be urged at the meetings. Entertainment features will be provided.

Meet at Clint 18th.
A meeting has been arranged for Clint Wednesday evening, April 15. Many automobile loads of persons interested in increased food production will attend the meeting. It is stated that offers will be made by large land holders to give the use of tracts of land rent free to those who will plant food crops.

WILL URGE GREATER POTATO PRODUCTION IN SACRAMENTOS

To address meetings at Clondroft, Alamogordo and Mountain Park, S. M. Tuzing increased crop production because of the war, a committee representing the El Paso chamber of commerce will leave this city Sunday morning. On the committee will be W. G. Roe, chairman of the land and irrigation committee, George E. LeBaron, a member of the same committee, and representatives of the International farm congress, and R. E. Trumbull, agricultural agent of the El Paso & Southwestern railroad.

Members of the committee will address meetings at Alamogordo Sunday night, at Mountain Park Monday at noon, and at Clondroft Monday night. An increased production of potatoes will be urged among other things, at the meetings. Potatoes grown in the Clondroft district have long borne a reputation for their quality, but their growth has been lessened during the last few years by a potato parasite. Means of combating this parasite should appear again, will be explained at the meeting.

TUESDAY IS TO BE "BUNDLE DAY" FOR UNITED CHARITIES

Tuesday is to be Bundle day for the Associated Charities. Every winter there is a tremendous demand for clothing for men, women and children made of the Associated Charities. To prepare in advance for this condition, this organization asks every man, woman and child in the city to sort over their clothing and discard all garments that are no longer serviceable for them. If these garments are made into bundles, and the Associated Charities notified by phoning to 1544, giving the street address, the bundle will be collected on Tuesday. It does not matter how worn the garment is, it may be put to some use. The clothing collected in this way will be cleaned, mended, and put in good wearing condition, and then stored in the association quarters, ready for distribution in the autumn and winter.

Girls! Use Lemons! Make a Bleaching, Beautifying Cream

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost of one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp get in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoother and beautifier. Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is simply marvelous to smoothen rough, red hands.—Adv.

WIFE MURDERER MAN IS VERDICT

Woman at Amarillo Is Sentenced to 20 Years Imprisonment Following Trial.

Amarillo, Texas, April 12.—With little apparent emotion, Mrs. Florence Reynolds, of Canyon, heard a verdict of guilty pronounced yesterday in the 47th district court on the charge of the murder of her husband on a country road near her home September 19, 1912.

The court fixed sentence at 20 years imprisonment. Motive for the shooting, according to the prosecution, lay in the fact that a short time before the killing Reynolds had taken out \$10,000 life insurance in favor of his wife. Further evidence was presented to show that the fatal gunshot wound in the back received while Reynolds was out hunting with his wife, could not have been inflicted, as the defense claimed, by the accidental dropping of the shotgun.

The case had been on trial since Monday, the court room being packed with persons of all ages attracted by the prominence of the defendant.

Plays 'Arkansas Traveler'; High School Pupils Yell

High school pupils were entertained at the morning recess hour Friday by Maj. Ben F. Hackett, of McAllister, Okla., who played "Arkansas Traveler" on a violin in the high school auditorium, and spoke on "Character Building." The students gave him the El Paso high's yell in appreciation.

Maj. Hackett is visiting his son, J. T. Hackett, at 1115 East Rio Grande street.

SOLDIER ON GUARD AT TUNNEL SHOT FROM AMBUSH

San Francisco, Calif., April 12.—Private Murphy, member of military guard protecting a Western Pacific railroad tunnel in the Sierra Nevada mountains, was shot three times last night from ambush with a high power rifle, according to information reaching Western Pacific officials here today.

Officials said no attempt was made to damage the tunnel so far as could be learned.

Murphy was taken to Elko. The man who fired the shots escaped.
